(b) has established and maintains a system of controls and supervision that a reasonable person would conclude is sufficient to manage the risks to the client or investment fund associated with the custody of the client's or investment fund's cash or securities.

(2) A registered firm must ensure that any custodian for a client of the firm or for an investment fund managed by the firm in respect of the client's or investment fund's cash or securities is a Canadian custodian if the firm

Investment funds pay investment fund managers a fee for managing their funds. The managers pay us ongoing trailing commissions for the services and advice we provide you. The amount of the trailing commission depends on the sales charge option you chose when you purchased the fund. You are not directly charged the trailing commission or the management fee. But, these fees affect you because they reduce the amount of the fund’s return to you. Information about management fees and other charges to your investment funds is included in the prospectus or fund facts document for each fund.”

They are periodically deducted from the value of your investments by the companies that manage and operate those funds. Different funds have different fund expenses. They affect you because they reduce the fund's returns. These expenses add up over time. Fund expenses are expressed as an annual percentage of the total value of the fund. They correspond to the sum of the fund's management expense ratio (MER) and trading expense ratio (TER). These costs are already reflected in the current values reported for your fund investments.

The number shown here is the estimated total dollar amount you paid in fund expenses for all the investment funds you owned last year. This amount depends on each of your funds' fund expenses and the amount you invested in each fund.”, and;

11.	Less Guarantees		
12.	Less unresolved differences

Notes:

Form 31-103F1 Calculation of Excess Working Capital must be prepared using the accounting principles that you use to prepare your financial statements in accordance with Regulation 52-107 respecting Acceptable Accounting Principles and Auditing Standards (chapter V-1.1, r. 25). Section 12.1 of Policy Statement to Regulation 31-103 respecting Registration Requirements, Exemptions and Ongoing Registrant Obligations (Decision 2014-PDG-00148, 2014-11-14) provides further guidance in respect of these accounting principles.

Line 5. Related-party debt – Refer to the Handbook for the definition of “related party” for publicly accountable enterprises. The firm is required to deliver a copy of the executed subordination agreement to the regulator or, in Québec, the securities regulatory authority on the earlier of a) 10 days after the date the agreement is executed or b) the date an amount subordinated by the agreement is excluded from its calculation of excess working capital on Form 31-103F1 Calculation of Excess Working Capital. The firm must notify the regulator or, in Québec, the securities regulatory authority, 10 days before it repays the loan (in whole or in part), or terminates the subordination agreement. See section 12.2 of Regulation 31-103 respecting Registration Requirements, Exemptions and Ongoing Registrant Obligations.

Line 8. Minimum Capital – The amount on this line must be not less than (a) \$25,000 for an adviser and (b) \$50,000 for a dealer. Line 9. Market Risk – The amount on this line must be calculated according to the instructions set out in Schedule 1 to Form 31-103F1 Calculation of Excess Working Capital. A schedule supporting the calculation of any amounts included in Line 9 as market risk should be provided to the regulator or, in Québec, the securities regulatory authority in conjunction with the submission of Form 31-103F1 Calculation of Excess Working Capital.

Line 11. Guarantees – If the registered firm is guaranteeing the liability of another party, the total amount of the guarantee must be included in the capital calculation. If the amount of a guarantee is included in the firm’s statement of financial position as a current liability and is reflected in line 4, do not include the amount of the guarantee on line 11.

Line 12. Unresolved differences – Any unresolved differences that could result in a loss from either firm or client assets must be included in the capital calculation.

The examples below provide guidance as to how to calculate unresolved differences:

(i) If there is an unresolved difference relating to client securities, the amount to be reported on Line 12 will be equal to the fair value of the client securities that are short, plus the applicable margin rate for those securities.

(ii) If there is an unresolved difference relating to the registrant's investments, the amount to be reported on Line 12 will be equal to the fair value of the investments (securities) that are short.

(iii) If there is an unresolved difference relating to cash, the amount to be reported on Line 12 will be equal to the amount of the shortfall in cash.
